

# DRAYTON TEAMKIDS NEWSLETTER

## WHAT'S BEEN HAPPENING

We have been very busy over at TeamKids, engaging in lots of different worldly events and other learning experiences. We have participated in celebrating Book Week, Father's Day and World Letter Writing Day.

This term we also participated in a TeamKids Nation wide Boat Engineering Challenge. We embarked on a four-part mission to uncover the mysteries of the universe using nature's hidden language, using STEM to crack codes, solve puzzles, and invent our way to success. Our final product – a boat - was made with the amazing involvement of the children and parents of our OSHC service.

The Pupil Free Day saw us have so much fun with a Slip 'n' Slide, which was an absolute blast!

With the end of the term fast approaching, our Spring Vacation Care bookings are open and filling up! Jump online and have a look at the amazing activities we have on offer. If your child/ren haven't been to TeamKids before, they are more than welcome to come and see all the fun we have to offer!

Our partnership with Kids Unlimited to bring extra curricular experiences for children at very affordable price will be continuing next term. If your child/ren are interested in joining the fun, contact Kids Unlimited via phone (1300424377).

## IMPORTANT DATES

 **TUES 16<sup>th</sup> September**
